To all:

This letter describes my understanding and impression of Gabriel Callis and his singing ministry.

I first met Gabriel in August of 2006 when he sang at a funeral that I conducted. I was immediately impressed with his singing ability and his spiritual understanding. He did a good job with a humble spirit and the family and people were blessed.

Mt Tabor had Gabriel sing for us August 8th and 9th, 2009 at the Saturday evening and Sunday morning worship services. Gabriel sang many songs and was an inspiration to the people. His singing prepared the hearts of the people for the preaching of God's word. I was particularly impressed with Gabriel's song selection for each of the services as the services are somewhat different. The equipment and the presentation were very professional and represented the Lord in a very good way.

I heartily recommend Gabriel Callis as a soloist for church meetings.

Best regards,

Za Johnson
